Hi Paul

FYI, Michael Byrne from the DLP contacted me at moment ago and asked whether we had a set time frame for considering the DLP review application. I told him that we did not, but that the material we had at hand so far was being reviewed. I told him that if we formed a firmer view on how long it might take then we could convey this to him, although I noted that there were a number of factors that might impact upon this (e.g. meeting times of the Commission). I otherwise broadly reiterated the information/advice provided in your recent emails about the submission of additional information (e.g. membership lists). The only thing I could have suggested was that the sooner they submitted any further info (with relevant extension request) the sooner things might be reviewed. Subject to what you think about that on Monday I'm happy to give him a follow-up call. I otherwise invited him to give me a call if he had any further queries, including about the timeframe.

We did not discuss that matter of (potentially) multiple applications, or any contact he might have had with other members of the DLP Executive.

Happy to discuss.
