Subject: Redistribution

Hello, My name is Gregory Wheeler, I am 61 years of age. I live in the suburb of Wulguru in Townsville which is presently in the electorate of Herbert. I have lived at this address for the last ten years, however I have lived in Townsville all my life. I am totally opposed to the proposed redistribution which will see my address taken out of Herbert and put in the electorate of Dawson, based in Mackay, some 400Klms away. I would strongly recommend that you rethink this absurd decision as the general feeling of the people that I speak to in this area is that they dont believe that any sane person could capable of even thinking of such a stupid move. Thank you. GJW. 47783979.
