RE: RE-DISTRIBUTION OD ELECTROL DIVISION OF LILLEY

I would like to place my **objection** to the Qld State Government regarding the above proposal.

I live in the suburb of Shorncliffe and have had (gratefully) successful outcomes with contact over the years with Mr. Swans' office, this office and its representatives have been very helpful over many issues, personal and community, and it would be a terrible loss to the community to be divided up by Government....

I feel this electrol division has been part of our area for many years, I and many people will be effected if this proposal should go ahead.

Thank you,

(Mrs) C. P. Seymour
