Subject: Proposed redistribution Electoral boundary

I wish to voice my protest at the proposed changes to the electoral boundary in the Herbert region. I live in the Annandale area that will be affected . I am more than a number. I want to be considered as a person, a person who lives in the Townsville region. I have no interest in the Mackay(Dawson) region as I am sure they in the Dawson have no interest in my region (Herbert) Issues which I want to have addressed and voice my opinions on are those that pertain to Townsville. I am 10 mins from the city centre. I am 400 kms from Mackay.

I do not believe the member for Dawson can represent me and the issues which might arise that will affect me .I have seen very little of the current member for Dawson, who was supposed to have represented the people in the Idalia region which was annexed from Herbert and shunted along into Dawson before the last election.
Boundaries should be considered on a geographical basis not a numerical basis.
I reiterate, I am most strongly opposed to the propsed redistribution.
