Dear Australian Electoral Commission,

RE: Comment on suggestions for the 2020-21 Western Australian Redistribution

As a member of the Western Australian business community I feel the suburbs of Marangaroo, Alexander Heights, Koondoola, Ballajura, Girrawheen, Balga and Mirrabooka are communities of common interest and should be kept in the same division. These suburbs have a similar socio-economic profile so when setting strategic local priorities, residents of the suburb benefit from an economic, social and mental health point of view.

Regards.
