Australian Electoral Commission

Dear Sir / Madam,

It is obvious that we the people in the Division of Murray have Objected more than you thought we would. Now you are just going to waste more time, MORE Tax payers Money just to here us object again. As I have said in my first Objection " Would a person in the city want to vote for a candidate who could live Five Hours away".

If I want to vote for the Prime Minister or Opposition Leader I would move to there Electoral Division, But I don't, I want to vote for my local member in my Electoral Division not Bloody Mildura (Mallee). So stop and Think leave things alone no more changes things will work as they are.

Thank You For Your Time

Regards Dean Rudeforth
