Dear Committee Members,

As residents of Craigieburn for over thirty years we wish to strongly object to the proposed splitting of the suburb of Craigieburn into two separate Federal Electorates being Calwell and McEwen.

As a growing community we need one loud and consistent voice in the Federal Parliament and this cannot happen with the town divided by the main road, Craigieburn Road.

As an urbanised community on the fringes of metropolitan Melbourne we have no common community of interest with the regional communities in the McEwen electorate.

We ask the commission to reconsider its decision and keep the whole town of Craigieburn together, as it belongs.

Michael and Jan Nunn
