Dear Sir/Madam,

Re: Murrindindi Shire Council Local Government – Boundary Changes

It has come to our attention that it is proposed that the Murrindindi Shire Council Local Government area could soon be redistributed to the Federal Seat of Indi.

This is of great concern to us as we are working closely with the Murrindindi Shire Council in the rebuilding of our Guest House, El Kanah Marysville, after it was completely destroyed by the Black Saturday fires.

We have always found the Council to be helpful and informative in regards to planning and building, and this is not only in our present circumstances but in the past as well.

The Council has also been excellent in assisting Marysville in the promotion of tourism, and we require their assistance even more now in getting the town back on its feet.

It seems a great shame that when a Council is operating well in a particular district, and we are sure this applies to other areas in the Shire too, that a redistribution should occur to stop this continuing.

We are also disappointed that there has been a lack of public information and consultation associated with this redistribution proposal.

We would very much appreciate it if the Committee would reconsider any redistribution that would see Murrindindi Shire Council removed from the Seat of McEwen.

Yours faithfully,

Vera and Peter Gill
Directors
