To Whom It May Concern

Thank you for this final opportunity to participate in the commentary over the 2018 Victorian redistribution. I wish to lodge my comments on the objections having lodged a comment on suggestions (21) and an objection (107).

As I have previously said - I am especially concerned since the redistribution places my family and community in the seat of Calwell. I had asked that the whole of Craigieburn be included in the electorate of what is now McEwen because it would unify the whole suburb under one electorate. However, under the proposed redistribution, Craigieburn would be placed under an entirely different electorate – Calwell.

I therefor strongly object to the parts of objections 68, 354, 369, 92 &118 that go to Craigieburn being best placed in Calwell.

That also means I strongly support the objections that go to Craigieburn being united in McEwen. They include 251, 208, 223, 132, 412 &185.

Please consider the strong community support for retaining Craigieburn in McEwen.

Yours sincerely

Spiro Pastras
