Question: Corangamite Redistribution, Flinders and Holt Electorates.

Why is there any necessity to exclude the area of Colac-Otway from the Corangamite Electorate?

It is a Federation Electorate.

It is named after Lake Corangamite, which has geographical and Aboriginal cultural significance, this would be lost in any redistribution that excludes the Colac area.

The projected enrolment quota for 25 August 2019 has only a small excess.

A correction for the Electorates of Flinders and Holt with projected enrolment quota for 25 August 2019 with 10% excess would be more appropriate at this time.
