- Most of our customers come from Frankston, Frankston South, Mount Eliza, Mornington and Mount
- Martha, so to disconnect those very connected communities by removing Mornington doesn't make sense.
- Of the produce we source, parts come from Langwarrin, Langwarrin South and Baxter farming areas, so to disconnect Baxter from those connected farming/produce areas also wouldn't make sense.
- Some of my suppliers who are within Dunkley would be affected by this split of common communities.
