Subject: Keeping Colac in Corangamite
Date: Friday, 4 May 2018 9:04:15 AM

I am strongly of the opinion that our town Colac should stay within Corangamite for the following reasons:
Most of our business is to the east of us. We do not work so much with the Wannon electorate. We work with Geelong, Melbourne, the Bellarine peninsular and the coast around Apollo Bay and Lorne.
Our leisure and sporting activities are to the east. Colac footy club and Colac golf club are in the Geelong area.
Our holiday are more likely to be around Lorne and Apollo Bay. These are our interests and friendships groups.
When we shop we shop around Geelong region and Melbourne. It is most unusual for us to go Hamilton, Warrnambool . The east (Corangamite) is our place and this is where we want to vote and see expand.
We do not have a strong interest in the West
I also believe that our town's interest will be well served by Wannon. Warrnambool, Hamilton and Horsham will override us and our town will go backwards. It is struggling for population as it is and we now will have a new road that will improve our connectedness with the Geelong region. That is where we belong.
I hope you will take this into consideration as you carefully decide on our towns' future.
