Australian Electoral Commission

Victorian Redistribution

I wish to support the Alternative Proposal for redistribution of Victorian electorates impacting Corangamite as outlined in the Motion passed at the Colac Otway Shire public meeting held in Colac on April 19th 2018.

I do not wish to support any name change from 'Corangamite' since the electorate is largely the same region, the name is aboriginal denoting the type of country and it is a Federation electoral seat. It is part of our heritage.

Yours sincerely,

David Kelly
