I welcome the opportunity to comment on the Queensland redistribution of Federal Seats. Our small township of Moore Park Beach is a dormitory suburb of Bundaberg, just 25 kms away. Virtually all of our commercial, educational, medical and transport needs are met in Bundaberg. In the last redistribution I was shocked to find we had been moved from Hinkler to Flynn based in Gladstone (195kms) with which we have absolutely no connection.

Due to our small population we rarely see our local Member, Mr O'Dowd MP, and we have yet to hear of anyone travelling to Gladstone to seek representation. We are virtually disenfranchised.

I believe that the Hinkler boundaries should follow the northern boundaries of the Bundaberg Regional Council to take in all of the small townships which share our predicament.

Yours sincerely,

Graham Hall
