

THE FEDERAL
REDISTRIBUTION
QUEENSLAND

Suggestion 15

Bob Richardson

158 pages

19th May, 2017

The Secretary
Electoral Commissioner
Australian Electoral Commission
7th Floor
488 Queen Street
BRISBANE 4000

Dear Secretary

I refer to your advertisement in The Courier mail on Saturday, 22nd April, 2017, seeking public suggestions for the current redistribution of Federal Electoral Boundaries in Queensland.

I forwarded, by Australia Post express mail, yesterday, Thursday, 18th May, 2017, my tables and some maps for the Divisions I intend making a submission.

I will try and email to you what I have completed by 6pm today.

If it does not go through I will post it as part of the next phase in the redistribution process, 'Comments on Suggestions' together with what I do not complete by closing time today.

Should you have any queries please contact me on the above phone number.

Yours sincerely

R. J. Richardson

Leichhardt is the only individual Division I have had time to submit my reasons for my suggested Divisions.

I will forward the rest in 'Comments'.

SUBMISSION TO THE FEDERAL
REDISTRIBUTION OF ELECTORAL
BOUNDARIES IN QUEENSLAND
BY BOB RICHARDSON

Overview

This is the first Federal Redistribution in Queensland since 1968, which will be implemented, to have the same number of Divisions as the previous redistribution.

The 1975 Redistribution lapsed

Every redistribution since then has seen a change (increase) in the number of Divisions Queensland is entitled to.

As this determination is made 12 months after a Federal Election, a new determination will be made latter on this year.

I trust that this redistribution is not in vain and that Queensland's entitlement remains at 30.

I have confidence that the AEC is reasonably sure that it will or that they would have delayed this process until that determination is made, as they did in the ACT in 2014.

I believe that Queensland's entitlement remaining at 30 gives the Redistribution Committee an opportunity to bring the 'Regional Divisions' back to be centred on one City (if it is not too big) and not what has occurred at recent redistributions where a Division has been split between cities such as Dawson containing a part of the Townsville City Council area, and the urban area of the Mackay Regional Council, but excluding areas close by such as Walkerston.

In these ‘suggestions’ I have restricted my detailed submission to the area outside the urban area of South East Queensland, however I have included some areas that in what could be classed as ‘urban’.

I have also been mindful of the need to keep all Divisions within the legislative requirements, i.e. 10% variance as at 6th January, 2017, and 3.5% variance as at 27th September, 202

Relationship of the Parts

The relationship of the parts of this submission is that if there is any discrepancy between the written text, the tables, and the maps, the tables have precedence over the maps unless stated otherwise in the written text.

Maps

I have used copies of maps from a previous redistribution, 2006, in my submission.

I have used the maps of that Redistribution because they show the Local Government areas prior to the amalgamation of a number of Local Government areas in Queensland as many of their boundaries ‘mirror’ the Statistical Areas (SA2) and therefore I can show my ‘suggested boundaries’ more accurately.

To allow you to copy these maps I have included A4 size duplicate.

Areas of Suggested Divisions

I have the used:-

- Divisional areas shown is ‘Current Federal Electoral Divisions’, dated 6th February, 2017 on the AEC website.
- The areas of the SA1 as shown in the statistics used by the Queensland Electoral Commission for their recent redistribution.

These figures could ‘be out’ slightly where a SA1 is divided such as SA1 3140808 (SA 2 Barcaldine – Blackall) which is divided into existing Divisions of Kennedy and Maranoa.

I have no way in determining what portion is in Kennedy and what is in Maranoa.

General thrust of my Submission

As Local Government areas, particularly the ones prior to the formation of Regional Councils, generally represent a ‘community of interest’, I have therefore tried, where possible due to quota requirements, to keep the whole on a Local Government area within the same suggested Federal Division.

Growth

The projection of enrolments as at 27th September 2021, as supplied by Redistribution Committee differ substantially from the projected enrolments as at 29th August 2023 as used by the Queensland Redistribution Commission in their recent redistribution, especially in the area around Ipswich.

Also in my local area around Cairns, there are subdivisions occurring in the Mount Peter area, and a multi tower residential development in the CBD which is not reflected in the figures provided in this redistribution.

Either those providing the Redistribution Committee with the enrolment projection are:-

- Unaware of these developments
- Believe they will not have a marked change to enrolments between now and the 27th September, 2021.
- Believe there will be a 'population explosion' between 27th September 2021, and 29th August 2023.

Time will tell which projected enrolments are 'out', or both

It is noted, mainly due to the Global Financial Crisis (GFC) the projection for 9th July, 2012 in the last redistribution were not realised.

Nerveless the projected figures provided are the ones that must be used in our submissions, whether they prove correct or not.

Divisions

My suggestions have:-

- Abolished the Division of Flynn based on the City of Gladstone
- Created a new Division, which I have named Riordan, based on the area south of the Ross River in the

Townsville City Council Area, stretching south to include the Whitsunday Regional Council area, southwest through most of the Isaac Regional Council area to the Central Highlands Regional Council area, and the Central Western Shires including the Boulia Shire.

- Brings the Division of Dawson back to the Mackay Regional Council area. Quota requirements make it necessary to include most of the Livingstone Shire, north of Rockhampton, in this Division...
- Places all of the Rockhampton Regional Council area in the Division of Capricornia together with all of the Gladstone Regional council area.
- Brings the Fraser Coast Regional Council area under one Division that is Wide Bay with most of the Gympie Regional area also included.
- Hinkler, while continuing to be based on Bundaberg, includes the southern portion of the Bundaberg Regional Council area, the North Burnett Regional Council area, and stretches south into the Brisbane Valley (Somerset Regional Council area).
- Groom remains as is at present, but that may change when I submit 'my comments' to include the Lockyer Valley Regional Council area instead of Maranoa including the former Boonah Shire (part of the Scenic Rim Regional Council) as when I did the maps I found the Lockyer Valley had been separated from the rest of the Division of Wright, but the 'cut off' time for express mail prevented me from making the alteration then.

SUGGESTED DIVISION OF LEICHHARDT

Enrolment

The existing Division of Leichhardt had 109,913 electors as at 07/01/2017 which is 106.50% of a quota.

It is projected to have an enrolment at 27/09/2017 is 118,266 which is 107.39% of a quota.

This means approximately 8,000 electors need to be transferred from the existing Division of Leichhardt to another Division.

The Cairns Regional Council had 100,097 electors as at 07/01/2017 and a projected enrolment of 107,031 as at 27/09/2021.

This is 99.99% and 97.19% of a quota respectively and would fit comfortably within the quota, both now and in 2021, however I do not consider it would be fair and reasonable to transfer the electors of Cape York Peninsula (referred to hereupon in throughout this submission as 'the Cape') to another Division.

The majority of the electors from 'the Cape' are of Aboriginal and Torres Strait Island origin and I consider removing these electors from the existing Division of Leichhardt to another Division would further disadvantage 'a disadvantaged section of the community' with regard to representation in Federal Parliament.

Air travel is the principal form of travel in this area and Cairns is 'the hub' for most airlines servicing 'the Cape'

Cairns are the centre residents of 'the Cape' come to for goods and services that they cannot obtain locally, such as specialised health services.

Should 'the Cape' be transferred to another Division, the Local Member's Office would not be located in Cairns as Cairns would be not be a part of his/her Division.

After coming down from 'the Cape' by air, electors would have to find other means of transport to reach the Local Member's Office.

I consider this unacceptable.

The possibility of where this Office may be is numerous.

The present Member, Mr. Bob Katter has his Office in Innisfail.

His predecessor, Mr. Rob Hulls, had his Office in Mareeba.

It is possible that 'the Members Office' could be in Ingham or the outskirts of Townsville, depending on the outcome of this redistribution.

Leichhardt, since its formation in the 1948 Redistribution has always included Cairns and 'the Cape' and I consider it should remain that way.

Having concluded that removing 'the Cape' is not a viable option this only leaves Kuranda, or the urban area to the south of Cairns as the possible areas to be transferred to bring the Division to within the legislative requirements.

SA2 Kuranda has 2,720 electors in the Division of Leichhardt with another in SA2 Tablelands (Mount Carbine) 10 as at 07/01/2017.

At the 27/09/2021 it is projected the enrolments will be 2,845 and 10 respectively.

This projected enrolment would just to bring the Division within the legislative requirements as at 27/09/2021.

Also there was a successful appeals during the 1997 and 2009 Redistribution processes when the boundaries proposed by the then Redistribution Commission had Kuranda transferred to the Division of Kennedy.

Having ruled out 'the Cape' and Kuranda as possible areas to be transferred to bring the existing Division to within the legislative requirements, it only leaves the urban area south of Cairns as a possible area to be transferred.

Since the 1984 Redistribution, when the number of Members of the House of Representatives was increased, the southern boundary of the Division of Leichhardt has moved steadily north.

After the 1984 Redistribution the southern boundary was the southern boundary of the then Johnstone Shire.

After the 1992 Redistribution it was the northern boundary of the then Johnstone Shire.

After the 1997 Redistribution it was moved to between Gordonvale and Edmonton.

Subsequent Redistributions altered it slightly, however the 2009 redistribution shifted it further north to Blackfellows Creek, placing Edmonton in the Division of Kennedy.

The 2006 Redistribution also transferred the area of the Yarrabah Aboriginal Council to the Division of Kennedy.

I suggest that the southern boundary of the Division of Leichhardt be moved north so that the Suburbs of Bentley Park and White Rock are transferred to the suggested of Kennedy.

This would involve 7,077 electors being transferred, and a projected transfer of 8,443 as at 27/09/2021.

The suggested change would leave 102,206 existing electors in the suggested Division of Leichhardt and a projected enrolment as at 27/09/2021 of 109,783

This is 99.03% and 99.69% of a quota respectively.

Area

The existing Division of Leichhardt is approximately 148,988 sq km.

The suggested Division is 148,826 sq.km.

Suggested Boundary

Commencing in Trinity Inlet,(Smiths Creek) by that Creek up stream to a line east of Hepburn Street (northern boundary of the suburb of White Rock) in a westerly direction to the western boundary of the suburb of White Rock which is the North Coast Railway and the Bruce Highway, by that railway and highway in a southerly direction until it crosses Skelton Creek, by that creek upstream, which is the northern boundary of the suburb of Bentley Park, by that boundary of that suburb in a generally westerly direction to the western boundary of Division 2 of the Cairns Regional Council, by that boundary in a generally southerly direction, to the western boundary of Division 1 of the Cairns Regional Council, by that boundary in a generally southerly and westerly direction to the western boundary of the Cairns Regional Council which is the exiting boundary, by the existing boundary, that is Shoteel Creek, Clohesy River, Barron River, Oak Forest Road, Armstrong Road, Mona Mona Road, Block Mountain Road, Boundary of the Mareeba Shire Council, McLeod River, Mitchell River, Boundary of Parish of Cobham, Teatree Creek, Nassau River, Shoreline to latitude 16 degrees south, a line west to longitude 141 degrees east, by that longitude north to the northern boundary of Australia, including all the islands within Australian territory, by that boundary east to the outer limits of the Great Barrier Reef, by that boundary in a generally southerly direction to a line due east of Cape Grafton, by that line in a westerly direction to the shoreline, by the shoreline in a generally westerly to Trinity Inlet, by that inlet and Smiths Creek to the point of commencement.

Name

The Division of Leichhardt was created in the 1948 Redistribution and has continued to be a Division of the House of Representatives based on Cairns and Cape York Peninsula ever since.

I see no reason to change the name of the Division which was named after Friedrich Leichhardt 1813-1848, explorer and scientist.

Bob Richardson

18th May, 2017

The Secretary
Redistribution Committee for Queensland
Australian Electoral Commission
GPO Box 2590
Brisbane, QLD, 4001

Dear Secretary

I refer to:-

(a) Your advertisement in The Courier Mail on Saturday, 22nd April, 2017, seeking public suggestions for the current redistribution of Federal Electoral Boundaries in Queensland.

As I have had to post my suggestions approximately a day and a half to reach your office by the closing time please find enclosed what I have completed to date.

I intend adding to this prior to closing time.

I will forward this by either email or fax, and ask you to add it to this submission.

Yours sincerely

R. J. Richardson
