**Subject:** save Mayo

To the Redistribution Committee for South Australia,

I am a constituent of the Federal Division of Mayo and Im concerned about the South Australian Federal Redistribution currently being undertaken by the Australian Electoral Commission.

I do not believe that the Division of Mayo should be abolished in this redistribution process. I note that the committee responsible for managing the redistribution must consider;

1. Communities of Interest within the proposed electorate, including economic, social and regional interests.
2. Means of communication and travel within the proposed federal electorate
3. The physical features of an area of the proposed federal electorate.

With these criteria in mind, I do not believe that the Division of Mayo should be abolished.

At the recent election, the results from the ballot boxes show a consistent vote for our current independent Federal Member. I believe this shows a want across the region for an independent voice in Federal Parliament, and it would be disappointing if this voice was silenced due to the electorate being abolished.

#### Physical features of Mayo

There are distinct physical features that define Mayo from the metropolitan electorates and the rural electorate of Barker, including the Hills Face Zone, the Onkaparinga River and the Lower Lakes.

The Hills Face Zone is a large planning zone in South Australia that restricts development in the Adelaide Foothills and Mount Lofty Ranges. As a result of this zone, there is an effective barrier between metropolitan Adelaide and the communities of the Adelaide Hills. It does not make sense for these two distinct areas to be represented by a metropolitan based electorate.

The Lower Lakes separate riverside communities including Goolwa, Milang and Currency Creek from the Division of Barker. This creates a true physical barrier between Mayo and Barker.

This would never have happed when the Downers ruled the seat.

I hope you will consider my submission, and that you will see fit to keep the Division of Mayo as one of the ten electoral divisions in South Australia.

Yours sincerely, Simon Williams [REDACTED]
