Victorian Redistribution objections uploaded from the AEC website.

Name: Elizabeth Gay

Organisation:

Address: [REDACTED]

Phone number:

Additional information: See attached file.

Reasons for objection:

As a long term resident of both Kensington and Flemington (13 years) I feel Flemington should remain as part of Melbourne electorate. Our interests (political and social) are focused on issues of high density inner city living akin with Melbourne and Kensington. Maribyrnong has what I consider a different range of issues and this diversity needs to be recognised and respected at a federal level.
