Subject: My suggestions for the naming of the electorates

Wannon should be renamed Fraser as Malcolm Fraser represented that electorate in Federal Parliament

Fraser should be renamed Wannon

Gellibrand should be renamed Kirner as Joan Kirner represented the state seat of Williamstown which is located in that federal electorate

The Seat of Holt should be the area now known as Casey as that seat is in the local Government area of Yarra Rangers Shire

The seat of Casey should be in the area now known as Holt as that area in the Local Government area of the same name

There is already an example of this been done and that is in the Federal Seat of Maribyrnong which is in the Local Government area of the same name
