Dear Sir/Madam,

On behalf of Walker Panels, Colac, we wish to register our protest at the realignment of boundaries in our area. We believe the change will be detrimental to our economic, social, educational and cultural interests. We are more than happy with the representation given us by Sarah Ferguson and feel the change in boundaries will severely punish us in regards to this relationship. The change of name to this federation seat is an insult to ourselves and our forefathers and we strongly object to this. Please register our strong disapproval to this idea and be assured we are resolute in this opinion.

Thank you

Yours sincerely,

Clare McDonald
