I Vince Albanese born [REDACTED] born in colac and live in highton, I object to colac going out of my electorate , the reason we moved to Geelong in early 80,s was for the close links to colac which is becoming greater with the new double highway, I also object to highton and Belmont going into the corio electorate, place us in any electorate but corio,it doesn,t represent us in 3216, regards vince albanese.
