Additional information: I object to moving Flemington from the Melbourne to the Maribyrnong seat. Please read my full objection as PDF attached.

**OBJECTION**

I object to moving Flemington from the Melbourne to the Maribyrnong seat. This shift doesn't reflect the demographic characteristics or infrastructure needs of the area. We are a high density housing area (twice most of that of Moonee Valley and Maribyrnong). The culture and vibe is that of an inner city area, with a strong cafe culture. We have a demonstrable demand for cycling infrastructure, shared park spaces, youth services, etc. A significant segment of the residents work in the CBD and their lives and interests are deeply entwined with city life and city issues. It would be deeply frustrating to lose the ability to participate in the federal-level conversation on Melbourne and its needs and future. Please keep Flemington inside the federal seat of Melbourne.
