I object to the proposed electoral boundary change that would result in the suburb of Flemington being moved into the seat of Maribyrnong. Flemington is very different demographically to Maribyrnong.

Flemington has different infrastructure needs to Maribyrnong - including greater demonstrated need for cycling infrastructure, open space for the young family demographic, language and youth services.

The housing density of Flemington is more than twice that of most of Moonee Valley/Maribyrnong and this requires a different approach to services and infrastructure.

Flemington has historic, geographic and demographic connections to Kensington. They share the same postcode, and many services/shops. The Flem/Ken connection has been ignored at local and state boundary changes.

Flemington residents are more likely to be properly represented in an electorate that includes its community of interest.
