---

Dear AEC decision makers,

I am a resident of the presently named "Batman" electorate. I am deeply disappointed at your recent decision to retain the name "Batman". I am particularly disappointed and concerned that you did not consider the the historic abuse committed by Batman in Tasmania and Victoria on the Indigenous people a good enough reason to change the name.

I strongly disagree with your refusal to change the name. I believe that you are grossly out of touch with the "Batman" electorate, and that you are ethically negligent to not consider the associated historical abuse perpetrated by Batman as enough reason for a name change.

This is a bad decision and you need to be held to account.

Sincerely

Tom
