To the Australian Federal Commission

Re: Federal Seat of McMillan

I defend the present name of the Federal Seat of McMillan.

Angus McMillan should be listed in the Pantheon of History.

Give Angus McMillan his Context

He crossed overland to Port Albert in 1841  
61 years after Captain James Cook was  
eaten by Savages and 20 years before  
Bourke & Wills perished crossing the  
Australian continent.

This event was only 8 years after Slavery  
was abandoned and 4 years before  
governments allowed their people to starve  
to death. The Guillotine carnage of the  
French Revolution some 50 years past  
The Maori Wars not settled until the 1860s  
The American West Indian Wars still to  
occur into the 1870's.

In 1841 in the time it took to reload  
Fire Arms, An Australian Native could  
dispatch 10 targeted Spears.

Angus McMillan helped open up Gippsland  
with economic development including Gold  
export. Angus McMillan's activities  
preceded the Colony of Victoria and 60  
years prior to Australian Federation.
