Submission to the Australian Electoral Commission

From

Changing the Name of the McMillan Electorate

15th November 2017

I write as a new resident to [REDACTED] and the McMillian Electorate to fully support a change of name of the electorate. I was shocked and horrified to hear about what Angus McMillan did to the local aboriginal community. It is a total and utter disgrace.

If only half of the crimes being leveled at Angus McMillian are correct then that is enough to change the name.

I call on the Australian Electrical Commission to implement a process of the Naming Committee being given naming rights.

Yours sincerely,

Stephen Koci
