I would be grateful if you could convey my comments to those who have been involved in the processes relating to the Division of Canning.

I was delighted to see the decision to recognise Sadie Canning as part of the basis for naming the Division. Sadie, who was a friend for many years, was a remarkable pioneer who made enormous contributions to the health of the community, including of course her efforts in Indigenous health and healthcare. This acknowledgement of her work and achievements could not be better deserved, and I congratulate the AEC on their decision.

With best wishes,

Mike Daube
