I'm writing to support Kylea Tink's objection #OB686.

She makes clear points about the cohesiveness of North Sydney as a Lower North Shore community, which would be lost if North Sydney were abolished. She gives a clear and viable alternative to abolishing North Sydney in which the 7 divisions in question are closer to the 2023 target quotas than the current proposed redistribution. The alternative proposal also brings together very similar areas in the Upper North Shire, with Berowra going to Bradfield. I wholeheartedly support this objection and hope the AEC decides to keep North Sydney and make an alternative redistribution as suggested by Kylea Tink.
