Dear Commission. Have been familiar with Manly Warringah electorate from 1969. Have lived here permanently for past ten years. I endorse the comments of "OBJECTION 671"

"Waringah is a distinct area encompassing the beaches of the Lower Peninsula, Middle Harbour, the northern coastline of the Sydney Harbour and the hinterland."

"Community independents have mobilized thousands of constituents to actively engage in the political process."

I acknowledge the complexity of your task.

Regards John & Clelia Koch.
