Comment on Submission re Warringah Division by Zali Steggall

I strongly support the retention of Warringah Division in its entirety as a Federal Electorate. The Division represents voters extremely well.

I also strongly support either of the options proposed by Zali Steggall to: add to Warringah's North Eastern boundary by adding the remaining part of Dee Why; and to extend Warringah's Western Boundary in either way as proposed by Ms Steggall.

These re-alignments would meet the AEC's objectives and also its criteria for cohesion and commonality of Federal Divisions.

Roger Freney

Registered voter in the Electorate of Warringah
