Comment on suggestion 62

Dear AEC Commissioner,

I am a resident living in the Warringah electorate and I welcome the opportunity to comment on the NSW federal electorate redistribution.

If the number of electors needs to increase in the Warringah seat, the first obvious suggestion would be to include the entire area of Dee Why in the northern part of the division, as it is now part of the Manly State electoral boundary.

Considering that Warringah already comprises Mosman and part of Neutral Bay, I believe it would make sense to include Neutral Bay entirely in the Warringah seat, as well as Cremorne, and possibly Cammeray.

I hope this redistribution will be an opportunity for Warringah to consolidate its boundaries
