REDISTRIBUTION
NEW SOUTH WALES**

Objection 15

I believe the boundaries for some regional seats should be adjusted. I will mostly be focusing on the seats of Cowper, Lyne, Page and Paterson.

I propose moving many outer suburbs into Port Macquarie and all of Telegraph Point from Cowper to Lyne. In turn I propose that Cowper gains Woolgoolga from Page. The suburb of Sancrox in Port Macquarie is already in Lyne.

The specific suburbs of Port Macquarie I propose to be moved into Lyne are: Blackmans Point, Emerald Downs, Fernbank Creek, Hibbard, Lake Innes, The Hatch, Tacking Point and Thrumster.

The new border between Cowper and Lyne should be at Cooperabung Creek, then down the Maria River then through the Hastings River from Riverside until the eastern side of Hibbard (specifically at the South West Passage canal of the Port Macquarie Marina), then immediately down Hastings River Drive until Ocean Drive which it would follow to Lighthouse Drive until the sea where it would border the coast.

I also think Paterson should've shedded more territory west to Hunter and then gained more territory north towards Bulahdelah.

I would also suggest keeping the name North Sydney because it's been used at every election since 1901. The AEC guidelines state that Federation seat names should be kept.
