**Re: 2024 redistribution of North Sydney electoral boundary**

Date: 16 June 2024

From: Ruth Thompson

I wish to object to the abolition of the North Sydney electorate on the following grounds:

1. I feel no connection at all with the Northern Beaches and Warringah electorate. The need of very different population profiles do not seem to fit with good political representation. North Sydney's history of diverse representation is a good indicator of its unique community profile.
2. Whilst understanding that each candidate must pass the electoral test each time, I am extremely disappointed that my current elected representative may no longer have the opportunity to keep advocating for the interests of North Sydney residents.

Yours sincerely,

Ruth Thompson
