Submission Redistribution Electoral Boundaries Kingsford Smith

Lynda Newnam 28 June 2024

I object to how Botany Bay has been portrayed.

Could you please correct the map for Port Botany in Kingsford Smith. It does not show terminal 3 and gives the false impression that residents still have a functioning beach.

The first 'sod' for the Port Expansion was turned by Morris lemma in 2008 and the 3rd Terminal (Hutchison) was opened by Mike Baird in 2014.

The false depiction of Botany Bay is yet another reminder of how little those in authority care about the significance of the critical infrastructure, let alone the extent of damage to the Bay.
