

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 410

Karen Grove

1 page

North Sydney

This seat should not be scrapped but rather Warringah should be scrapped. The significance of North Sydney being a federation seat should be enough to save it from the chopping block, in the same way it has been a determining factor of the AEC saving other seats in the past. The boundary changes whereby both seats essentially merged are actually great, but the seat name to be scrapped should be Warringah instead, as it holds no significance as a name.
