Re: Proposed Bennelong Redistribution

Dear Madam/Sir

Please reconsider your proposed redistribution of the seat of Bennelong so that Epping Town centre is included in a single electorate. Some years ago the local councils were redrawn so that the town centre was merged from three local councils to a single council (Parramatta). This was so there was a single jurisdiction overseeing Epping

To split it now from a federal perspective would be a detrimental step for the same reason. Please leave it whole.

John Vaughan
