RE: Warringah to Mackellar boundary movement objection

Hi,  
I currently reside in Frenches Forest which currently included in the Warringah electorate.

My wife and I have live here for 45 years and our three children were raised and educated here for the first 20 years of their lives.

I very strongly object to the proposed move of my portion of Frenchs Forest from the Warringah electorate into the Mackellar electorate.

Cheers
