

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 489

Noel Gibson

1 page

To New South Wales federal redistribution

I would like to voice my opinion against the changes to the Bennelong electorate boundaries.

As a resident of North Epping for over 25 years my connection to surrounding suburbs like Marsfield, Eastwood, North Ryde and Ryde is part of my life.

With the distance of Epping and North Epping from Berowra, we'll end up being a fringe residential area with no community connection of what is a predominantly National Park and waterway electorate.

With your proposed changes, Epping and North Epping will be split away from a similar demographic suburbs. Suburbs with a similar thinking community spirit to a semi-rural electorate with totally different community needs.

I would not like to see these changes happen.

Noel Gibson.
