Objection to proposed Electoral boundary changes to Bennolong:

I live in the current Electorate of Bennolong which is where I have all my activities and also access to all my services in medical, health care and other community services from Epping, Eastwood, Macquarie Park, Ryde, West Ryde. I want my member of parliament to represent these areas as I regard these suburbs as my home district.

I do not go to or use services from the Parramatta region. I do not wish to have to elect and MP from there.

Stephen Lai.
