Re: Draft plan for abolition of federal seat of North Sydney

I am a resident of Northbridge within the North Sydney electorate. I have resided in this electorate, with my family, since the early 1990's. Therefore, we are connected and deeply committed to this community.

The population within this area is growing rapidly and will continue to do so given the volume of housing being constructed, particularly along the various transport routes which run through the electorate. It is a popular area to raise families and in which to work.

We are a cohesive and invested community which is evidenced by the election of independents over the years as our representatives.

The seat is of historical significance having been in existence for over 120 years. Surely this commands some respect.

I strongly oppose the draft proposal that the seat of North Sydney be abolished and request for it to remain intact.

Yours faithfully,

Patti Facer

Northbridge
