

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 603

Australian Electoral Commission

Proposed boundary changes that abolish the Federal Electorate of North Sydney amalgamating it with Warringah.

My objection is that the Seat of North Sydney is a well established identity having representation in Federal Parliament for over 123 years.

The LGA and State seat has a very prominent place in the History and future of Australia. This includes the Prime Minister and the Governor General's Sydney residence at Kirribilli. North Sydney is a major identity for Residential, Education, Communication, Commerce, Tourism, including major centers for Sport and Recreation, Media, Theatre Infrastructure and a growing population.

I have had the pleasure of living in three different locations in the LGA over the past 40 plus years and have been active in Civic matters such as the Precincts and Clean Up Australia day and other environmental activities.

The shift of the constituents to the Warringah would be a very serious shift in identity for the residents and visitors to the area.

I could go on; however I think you get my point of view in relation to this serious matter for community, commerce and representational identity
