Submission on the AEC Draft Redistribution of Mackellar

I write in support of the proposed changes to the Mackellar Electoral boundaries.

The proposed changes follow natural geographical boundaries and keep Mackellar within the Northern Beaches Council area. The proposed changes unite the previously split suburbs of Dee Why, Frenchs Forest and Forestville into the Mackellar Electorate. The proposed changes would maintain and enhance The Northern Beaches' strong sense of community and shared interests.

I would object to any proposal to extend Mackellar into the St Ives suburb, which lies within the Ku-Ring-Gai Council, is considered very much part of the Upper North Shore community and is separated by major land barriers through the National Parks.
