Objection 622

To the Australian Electoral Commission,

The Epping, North Epping, and Carlingford communities are vastly different in terms of demographics and cultures to the communities within the Parramatta and Berowra councils. We have a strong kinship with the neighbouring suburbs within Bennelong, e.g. Eastwood, Ryde, and seek to continue our regional identity. As such, we urge you to please reconsider your proposal for new boundaries for the federal electorate of Bennelong.

Kind regards,
The Bastian Family
