

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 642

Dear NSW AEC,

I object to the New South Wales federal redistribution of Epping from Bennelong to Berowra due to our belief that Epping should continue as a single seat representation to streamline administration across all three levels of government and its historical connections to Bennelong since 1977. We also wish to express that the northern areas are not really accessed by many of this suburb's constituents versus the others that we may lose, being Eastwood and Macquarie Marsfield.

Regards,

Albin, Julia and Jacqueline Berky
