I am writing to object to the abolishment of the North Sydney electorate. I am objecting as I believe that North Sydney has a longstanding tradition of representing it's community well, and I am concerned that by being amalgamated into other electorates the quality of this representation will significantly diminish.

This, and the fact that our population is expected to further increase, through both concentration fo existing residences and the creation of additional housing means that these concerns will only increase in coming years.

Thank you for taking these concerns into consideration
