Dear Redistribution Committee,

My name is Eva Doumanis. I have been the owner occupier of unit [REDACTED] Oak park Vic, for the last 7 years.

I truly value living in this peaceful and quiet suburb as I find it very much to my liking

I was very much surprised to say the least with your sudden decision to actually redistribute the Division of Wills in favour of adding suburbs such as Carlton, Princes Hill and Parkville

I have no reservations in adding these suburbs to the shire of Wills but my fierce objection is to the fact that you are excluding parts of my suburb as well as parts of Glenroy, Pasco Vale South and Brunswick West which they share many common cultures and believes

Our suburbs have longstanding connection with the city of Merri-bek and have been part of that local government area.

I strongly believe that is essential not to divide our community that shares many common traits and merits which in return provide us with sense of belonging and connectedness

Maribyrnong does not reflect our community and what it represents which is very relevant to us as residents of this shire

The removal of large parts of the suburbs from Wills is not reflective of the interest and needs of our community group

For these reasons, we urge the committee to reconsider the proposed boundary changes related to our suburbs of Oak Park, Glenroy, Pasco Vale South and Brunswick East etc...

Your consideration and understanding to this objection are very appreciated.

Kind Regards

Eva Doumanis
