Seat of Higgins

Dear Sir,

I wish to object against the proposed redistribution of election boundaries which would result in the abolition of the Victorian seat of Higgins.

I have lived in Higgins for the majority of my adult life and it would be a travesty for this seat to no longer exist.

This is an important and historical seat which has existed for over 75 years. Not many other seats can claim to have been held by two former prime ministers, namely Harold Holt and Sir John Gorton, and also a former treasurer, Peter Costello who held the seat of Higgins for almost 20 years.

It would be a tragedy if this seat was to be erased from the history books and so I am writing to implore you to retain the seat of Higgins.

Yours sincerely,

Simon Vinson
