

Objection 56

Nicholas Houseman

1 page

I strongly object to the abolition of the seat of Higgins.

We are community of common interest united by our Stonnington City Council boundaries.

Higgins has also been an important and strong supporter of Cabrini hospital where I work.

Our kids play in sports groups, our senior citizens have social connections, our local businesses thrive on community connections, our volunteer groups draw from our community based on common connections and interests.

We would like our community represented by 1 Federal Member not 5.

Federal members of this seat have influenced the progress and prosperity of this country in hugely significant ways including as Prime Ministers and Treasurers.

Please save the seat of Higgins.

The AEC states its desire to keep communities of interest united.

Please respect our communities wishes.

Kind regards

Nicholas Houseman
