

Objection 337

Stephanie Reeves

1 page

To whom it may concern;

As a resident of the current Higgins electorate, I do not want our seat abolished. Locals such as myself want one strong advocate– we do not want our representation divided amongst five Federal Members of Parliament.

I know that community groups, not-for profit groups and businesses are equally concerned. Abolishing Higgins will fragment our community's representation in Canberra.

Further to that, Higgins (which fully incorporates a strong community of interest - the local government area of Stonnington City Council) is proud of its history as a seat of Prime Ministers and Treasurers.

Please reconsider the suggestion that the seat of Higgins disappear.
