

Objection 454

William Robert Jacomb

2 pages

Dear Victorian State Returning Officer And Redistribution Committee,

1.0 Formal Complaint - For Misconduct Redistribution Committee

1. I couldn't find the report or information about responding to that report regarding the seat of Wills on the Australian Electoral Commission website.
2. This should have been easily accessed.
3. That it was not would seem to be corruption with the Redistribution Committee.
4. Rather than allowing electors in Wills to be considered under natural justice, it would seem that the Redistribution Committee did not make it easy for electors.
5. This is contrary to :-
 - a. Government policy and
 - b. Australian Electoral Commission policy
6. Therefore, I make formal complaint:-
 - a. To the State Returning Officer and
 - b. That nothing be considered until after that complaint has been decided

2.0 About The Proposed Change Of Boundaries For Wills

1. Already with the redistribution in Victoria, there has been destruction of 1 seat.
2. The proposed change of boundaries for the seat of Will should have been done as soon as the last election was over.
3. Instead, the Australian Electoral Commission has only doing it at the last minute for the next election.
4. The more appropriate action would be
 - a. Wait until after the next general election and
 - b. Have it considered properly after the next general election.

3.0 About The Author

1. I have lived in Wills for most of my life:-
 - a. West Brunswick
 - b. Pascoe Vale and
 - c. Glenroy.
2. I'm a Totally And Permanently disabled veteran from the department of Veterans Affairs.
3. I am also suffering from cancer in the left lung.
4. I'm well respected in the Federal Parliament from MPs and Senators because of my work as the Secretary for the Victims Abuse in the Australian Defence Force.

4.0 About The Proposed Change Of Boundaries For The Seat Of Wills

I strongly oppose to the parts removal :-

1. West Brunswick
2. Oak Park
3. Pascoe Vale and
4. Glenroy

These areas have:-

1. Has long term connections with Merri-bek Council.
2. Splitting them through other electorates is not in their best interest.
3. It will cause issues where by federal members in Caldwell or Melbourne who's main area is Broadmeadows or Melbourne will not be able to look after properly residence in the proposed change of borders.

As I live in Glenroy, this will adversely affect me.

Yours faithfully

William Robert Jacomb
Resident
Glenroy
