COMMENTS on the OBJECTIONS to the NAME of Bullwinkle

Objection numbers : OB22,OB24,OB37,OB43,OB45

These objections refer to the only two WA Nurses Minnie Ivy Hodgson and Alma Beard who either lived and worked or were born in the proposed new electorate.

They were both murdered in the Bangka Island Massacre in February 1942, known as one of the worst war crimes of World War 2.

Minnie Hodgson's family pioneered virgin land in the WA wheatbelt from the early 1900's. They still reside on the original farmland.

I recommend the name HODGSON-BEARD be considered for the proposed new Federal Electorate of WA.
